Link to Departments website. The major in Accounting at UGA is designed to give students an understanding of the theory of accounting as it is used in our society: accounting standards, financial statement preparation, product costs, budgeting, taxation, auditing, risk assessment, and controls.

University of Georgia

Information is the resolution of uncertainty; it is that which answers the question of "what an entity is" and thus defines both its essence and nature of its characteristics. Information relates to both data and knowledge, as data is meaningful information representing values attributed to parameters, and knowledge signifies understanding of a concept.

Information - Wikipedia

The PhET simulation design principles are based on research on how students learn (Bransford et al., 2000) and from our simulation interviews (see PhET Design Process). Between four and six think-aloud style interviews with individual students are done with each simulation.
